

# The 3<sup>rd</sup> Asian Workshop on Molecular Spectroscopy

---

## Introduction

Building on the great success of the 2<sup>nd</sup> Asian Workshop on Molecular Spectroscopy held in Taoyuan, Taiwan in March 9, 2018, we will be holding the 3<sup>rd</sup> Asian Workshop on Molecular Spectroscopy in Hefei, Anhui on March 7 to 9, 2019. Following the spirit of the 1<sup>st</sup> and 2<sup>nd</sup> meeting we welcome all presenters to present oral presentations. We especially encourage young researchers in the field to present their newest research and interact with fellow researchers from all over the world.

The themes that we intend to cover in this meeting are as follows:

- Spectroscopy in gas phase
- Application of spectroscopy to dynamics
- New spectroscopic techniques
- Precision measurement
- Theoretical analysis
- Other topics
- Spectroscopy of condensed phase/solid

## Date

March 7 to 9, 2019 (Date of arrival: March 6, date of departure: March 10)

## Venue

West academic hall, 3<sup>rd</sup> floor

[Hefei National Laboratory for Physical Sciences at the Microscale](#),  
East Campus, USTC.
