

# The 3<sup>rd</sup> Asian Workshop on Molecular Spectroscopy

---

## Introduction

Building on the great success of the 2<sup>nd</sup> Asian Workshop on Molecular Spectroscopy held in Taoyuan, Taiwan in 2018, we will be holding the 3<sup>rd</sup> Asian Workshop on Molecular Spectroscopy in Hefei (Anhui, China) on March 7 to 9, 2019. Following the spirit of the 1<sup>st</sup> and 2<sup>nd</sup> meeting, we encourage young students and researchers in the field to give oral presentations of their latest studies and interact with researchers from all over the world.

The themes that we intend to cover in this meeting are as follows:

- Spectroscopy in gas phase
- Application of spectroscopy to dynamics
- New spectroscopic techniques
- Precision measurement
- Theoretical analysis
- Spectroscopy of condensed phase/solid
- Other topics

## Date

March 7 to 9, 2019 (Date of arrival: March 6, date of departure: March 10)

## Venue

East Campus, USTC.
